The Challenge

Bold hits was struggling with low organic visibility and no meaningful keyword rankings. Despite offering premium Online Shopping Accessories in a highly competitive metro area, they had never focused on SEO before. Only about 10% of their website content was optimized. The client needed a partner to build search presence, improve local discoverability, and drive consistent, high-intent leads.

The Strategy

Sahoo Web Solutions conducted a complete SEO audit and designed a custom action plan, which included:

- Keyword research aligned to buyer intent
- Optimized landing pages for property services
- Authority link building from local and Online Shopping sites
- Mobile responsiveness and site speed enhancement
- Local SEO optimization (Google Business Profile, maps)
- Monthly rank & performance reports
